ABOUT US

THE PREMIER STORY

Premier Tutors Group is a tutoring collective that aims to bring tutors and students together in a collaborative and social way. We are based in Auckland, New Zealand.

In Auckland, there is a huge gap between what students were paying for tutoring, and what the tutors themselves were getting paid. Many companies charge upwards of \$35 an hour per student, while tutors get paid minimum wage, despite doing the majority of the work.

Our collective began as an association for the benefit of tutors and students alike. We wanted to act as a liaison between these two groups, allowing for lower costs to students, as well as higher wages for tutors. At Premier Tutors Group, your tutor or proofreader will always be fairly compensated.

As our collective grew, our vision also began to evolve.

OUR VISION

Premier Tutors Group is not your average tutoring company. Firstly, we aren't a company. We are a collective. We are a team of tutors, proofreaders and directors who work together to provide our students with the best quality of service.

We believe in social, inclusive learning, and we provide many opportunities to meet and socialize with other tutors and students.

We have two main goals at PTG.

Firstly, we want to create a bridge that extends from high school through until after graduation: a support network between those who are seeking help for the next stage of their education, and those who have already been there.

Our university tutors provide guidance for high school students, while our professional mentors provide guidance for our university students.

Secondly, in the long term we aim to open a PTG headquarters: a shared space for students and tutors to work together.

With classrooms for group tutoring sessions, open plan areas for collaborative learning and space for seminars and workshops by our professional mentors.

OUR VALUES

Premier Tutors Group works for our tutors, proofreaders and students. We will always do our best to make sure our students receive the best education, and our tutors and proofreaders are fairly treated.

PROOFREADING

Our team of experienced essay-writers will proof read your documents to ensure a high standard of writing.

We collaboratively check all spelling and grammar corrections before returning your document to you. Each document is viewed by at least two of our team members.

BOOK NOW

ONE-ON-ONE

Not every student learns in the same way. Some One-on-one tutoring sessions allow students to become more involved in the learning process and study at their own speed.

Optimal for students who would like a guided approach to learning, whether they already excel and want to go further or whether they need a little push to reach their potential.

BOOK NOW

GROUP SESSIONS

For students that prefer learning in a group environment, we offer group sessions for up to 6 students. Ideally for students who are keeping up in their classes, these sessions aim to engage the student and keep them focused on achieving better results within their curriculum.

Our tutors have had experience in tutoring at various levels and can adjust to suit the requirements of any student.

TUTORING PACKAGE

The subject of how to study is often not taught to students through school curriculums, but it is an incredibly useful tool. Our tutors can teach you various methods to improve your memory, retain difficult information and understand complicated subjects.

Specific focus is also given on how to improve test scores, although we do not believe that test scores are necessarily the best reflection of true understanding.

BOOK NOW

STUDY GUIDANCE

The right path of study to reach your goals is not always completely clear. Furthermore, adapting to study at a tertiary level can be tough.

Our Study Guidance service offers the chance to speak to a member of our team about every aspect of the move to university, from degree planning to timetabling.
